Work Experience
Teacher

5 plus years 2014-2019, in a variety of roles, including History, English, Psychology, Special Education, and Alternative Education.

Current Employer: Independence School District , from 2017-2019

Taught at: Independence Academy, North East KC, Lee's Summit North, & Eisenhower

Responsibilities included maintaining and collecting reliable data in a multitude of areas , such as assessments, daily performance, behavior management, individual IEP goals, and student benchmarks for grading purposes. Extensive training in PBIS (positive behavior intervention supports) which are managerial skills to boost student performance and increase positive student behaviors in and out of the classroom. Headed many after school activities and showed a clear drive to lead and go the extra mile for my employer.Had to continually collaborate with coworkers to build district assessments and ensure synergy between all teachers and subjects in our building.Managerial experience, instructing and assessing 150 plus students a year and maintained a drive to continually learn and strive for better performance out of not just myself but by students and colleges as well.

Education

2009-2014
UMKC-Kansas City, MO – *bachelors in Secondary Education* **GPA: 3.5**

2019
KU-Overland Park, KS – *KU Full Stack Software Engineer Program: Completed* **GPA: 3.0**

Awards
Invited to take part in the NAATE fellowship, by the Kauffman foundation, with extensive training at Yale University during the summer .

Thank You
